
Twigworth Parish Council

ANTI-SOCIAL BEHAVIOUR POLICY

Adopted by Council: 3rd July 2025
Next Review: 2026

ANTI-SOCIAL BEHAVIOUR POLICY

Introduction

Following reports from Twigworth residents about Anti-Social Behaviour incidents in the community, the council agreed its policy about how this issue will be managed.

Policy

The Parish Council has agreed its policy to support / resolve such issues (minuted).

The Council Clerk will seek a multi-agency approach and forward any emails or reports to other agencies.

Council to seek police liaison, Clerk to collate statistics data

The Parish Council will:

- (a) encourage those affected by ASB to contact the Parish Council via the Clerk so a central specific database can be established
- (b) with the permission of the residents, forward ASB issues to the relevant agencies
- (c) will keep statistical data to support future actions
- (d) engage with safer communities teams including Police liaison
- (e) review and agree further actions at its council meetings

It may be that different agencies are already involved in which case it would be useful if the Parish Council was aware so we can work together and not duplicate efforts
